

Farmhouse / Estate for Sale to Saliceto

800 square meters | Bathrooms: 1 | Bedrooms: 8 | Rooms: 12

On the heights of Saliceto, in a dominant position with a beautiful view, but at the same time easily reachable from the main road, property for sale consisting of approximately 10 hectares of land and four main buildings in beautiful Langa stone.

The property is reached by taking a private detour from the main road, but an old road could be restored which would allow more flat parts to be recovered.

The old house is spread over 3 levels with beautiful cellars on the ground floor and two residential units on the upper floors, for a total of approximately 400 m²

Floors in old cement tiles and a truly beautiful stone structure, the property needs to be completely renovated, except for some roofs which are quite recent.

In front of the house there is a now ruined building, a former oven and drying room for chestnuts, a stable with a very healthy barn above, a further tool shed and yet another building with really beautiful stone arches, consisting of a stable with a barn above and another woodshed room, yet another side warehouse and a cellar under it.

All around very beautiful stone walls and truly breathtaking views.

Remarkable details and a southern location make the property attractive for a quality renovation that lends itself to projects of various kinds.

Electricity present, spring water that has never been lacking, heating and services are missing.

Total land of 94,747 m²
